SolutionTee CBT

Legal pack for review — DRAFT
8 November 2026

Business: SolutionTee (RC 9123561), Diamond Estate, 1 Obashoro St, off Command Road, Ipaja, Lagos 100276, Nigeria
Product: SolutionTee CBT — Android app (Google Play and direct download from solutiontee.com) and website, for JAMB / WAEC / NECO exam practice
Contact: support@mail.solutiontee.com · WhatsApp +234 812 244 5948

How to read this pack
Part A — what the app does and the 12 main questions.
Part B — every point marked [CONFIRM] in one numbered list.
Part C — the eight draft documents in full (Privacy Policy, Terms, Contest Rules, Payments and Refunds, Acceptable Use and AI, Advertising and Rewards, Account Deletion, Google Play declarations).

These are drafts. Nothing has been published. Items marked **[CONFIRM]** need your decision or wording.

Contents

1. Part A — Cover note and the main questions
2. Part B — Every point that needs your decision
3. Part C — The draft documents in full
4. SolutionTee CBT — Privacy Policy
5. SolutionTee CBT — Terms of Service
6. SolutionTee CBT — Contest, Prize and Referral Rules
7. SolutionTee CBT — Payments and Refunds Policy
8. SolutionTee CBT — Acceptable Use and AI Tutor Policy
9. SolutionTee CBT — Advertising and Rewards Policy
10. SolutionTee CBT — Delete your account
11. Google Play Console — what to declare for SolutionTee CBT

Part A — Cover note and the main questions

Prepared: 8 November 2026, by the product team, for review by SolutionTee's lawyer. **Business:** SolutionTee (RC 9123561), Ipaja, Lagos, Nigeria. **Product:** SolutionTee CBT, an Android app (Google Play and direct download from solutiontee.com) plus an admin website, for JAMB/WAEC/NECO exam practice.

These are **drafts**. They describe the app exactly as built today. Points marked **[CONFIRM]** in each document need your decision or wording. Nothing has been published yet.

Documents in this pack

#	File	Purpose	Where it will be shown
1	`privacy-policy.md`	Privacy Policy (NDPA 2023)	solutiontee.com/privacy, app (About, Settings, sign-up), Play listing
2	`terms-of-service.md`	Terms of Service	solutiontee.com/terms, app, sign-up
3	`contest-and-prize-rules.md`	Rules for challenges, cash prizes, mocks, referrals	solutiontee.com/contest-rules, each challenge page
4	`payments-and-refunds-policy.md`	Premium, XP, single items, refunds	solutiontee.com/refunds, checkout
5	`acceptable-use-and-ai-policy.md`	Conduct rules and AI tutor rules	solutiontee.com/acceptable-use, AI tutor
6	`advertising-and-rewards-policy.md`	Ads, rewarded videos, age-based ads	solutiontee.com/ads, Settings
7	`account-deletion.md`	Account deletion page (required by Google Play)	solutiontee.com/delete-account
8	`google-play-console-declarations.md`	What to enter in Play Console (data safety, ads, audience, rating)	Internal (for whoever submits the app)

What the app does (short)

- **Practice:** timed CBT with past questions; quick tests, topic drills, full JAMB mocks and custom exams; results and review.
- **Study:** video solutions and lessons, lesson notes, novel summaries, syllabus PDFs.
- **AI tutor:**
  - an AI model (NVIDIA API) answers school questions;
  - students may send photos of questions and speak (speech is turned into text on the phone);
  - a web search (Brave) is used for current exam news;
  - moderation and "strikes" for abuse.
- **Money:**

    - Premium plans (Paystack in the direct app; Google Play Billing in the Play app);
    - XP (virtual points: earned, or bought in the direct app only);
    - single items bought one by one (direct app only);
    - promo codes.
- **Ads (free users):**
    - Google AdMob banners, native, full-screen, app-open and rewarded ads;
    - our own sponsored brand campaigns;
    - **never during exams or checkout**;
    - Premium has no ads;
    - personalised ads only for 18+, child-directed for under 13.
- **Competitions:**
    - free-entry, skill-based challenges with cash or Premium prizes;
    - tutorial-centre mock challenges;
    - leaderboards; a winners wall with receipts;
    - referral rewards, including cash after 30 verified friends.
- **Trust and safety:**
    - one account per phone (hashed device IDs);
    - cheating detection (screenshot/recording detection, split screen, emulator, answer timing);
    - bans with appeal.
- **Data location:** database in London (Supabase); files in Cloudflare R2; website on Vercel; email on Brevo; push on Firebase.

Decisions we need from you (most important first)

1. **Children's data (NDPA s.31).** Most users are 13–19, so many are "children" under the NDPA (under 18).
    - Which parental consent mechanism do we need: a checkbox and statement, a guardian's email or phone confirmation, or another method?
    - What should the minimum age be (we suggest 13)?
    - What about under-13 users (block them, or allow with verifiable consent)?
    - The app already asks for year of birth (required) and sets ads by age.
2. **Cash-prize challenges:** are free-entry, skill-based quiz contests with cash prizes lawful nationally and in Lagos, under the **National Lottery Act 2005**, the **Lagos State Lotteries and Gaming Authority** rules and other states' rules?
    - Do they need a licence or registration?
    - Is there an age limit, and may under-18s win (with a guardian)?
    - What are the tax and withholding obligations, and do we need KYC (NIN) for payouts?
3. **Paid entry** (money or bought XP) is **off**. Confirm it must stay off, or advise what licence would allow it.
4. **Referral cash reward** (₦5,000 after 30 verified friends): is this compliant with the Federal Competition and Consumer Protection Act (FCCPA) and the gaming rules?
5. **Past exam questions and exam-body logos:** do we have the right to use past JAMB/WAEC/NECO questions and show their logos to identify the exams? Do we need licences or permission? We show the disclaimer *"not affiliated with or endorsed by JAMB, WAEC or NECO"* everywhere.

6. **Personalised ads and consent:** should we show Google's consent message (UMP/CMP) to all users under the NDPA, or only to EEA/UK users?
7. **International transfers:** what wording and safeguards do we need for transfers to the UK, US and other countries (NDPA Part VIII)?
8. **Retention periods** in Privacy Policy §10 and the account deletion page.
9. **Refund rules** in Payments §4, the FCCPA position, and **VAT** on digital sales.
10. **Liability cap and disputes:** the amount (Terms §14), and Lagos courts versus mediation or arbitration (Terms §16).
11. **First-day welcome:** new students silently see fewer ads and extra free years in their first hours. Is a general disclosure enough ("ad frequency can vary")?
12. **DPO and NDPC registration:** given the number of data subjects (students), do we need to register with the NDPC as a data controller of major importance, appoint a DPO and file a compliance audit?

Engineering notes for the reviewer

- Locked content and payments are enforced on the server.
- Rewards from ads are confirmed by Google's signed server callback.
- Bought XP and ad XP can never enter cash-prize contests.
- In the Play build, only Google Play Billing is used for digital goods. Paystack checkout, XP packs and single-item purchases are hidden there.
- Staff actions on money, bans and settings go to an audit log.

Part B — Every point that needs your decision

Each line below is marked **[CONFIRM]** in the documents that follow. The document and section show where it is. Please note your decision or wording next to each.

#	Document	Section	Point (as written in the draft)
1	Privacy Policy	SolutionTee CBT — Privacy Policy	Effective date: [CONFIRM: date of publication]
2	Privacy Policy	1. Who we are	Privacy contact: [CONFIRM: privacy email, e.g. privacy@solutiontee.com] (until set up: support@mail.solutiontee.com)
3	Privacy Policy	1. Who we are	Data Protection Officer: [CONFIRM: name, or “not appointed” if not required]
4	Privacy Policy	4.1 Data you give us	Challenges and prizes: challenge entries and answers. If you win a cash prize: bank name, account number and account name, and any information needed to confirm your identity for the payout [CONFIRM: any KYC required].
5	Privacy Policy	5. Why we use your data, and our legal basis	Personalised ads (adults 18+ only) / Consent (via Google’s consent message where shown) [CONFIRM: consent mechanism, see 8.3]
6	Privacy Policy	6. Children and teenagers	Parental consent [CONFIRM]: under NDPA s.31, processing the data of a child (a person under 18) requires the consent of a parent or guardian. Our lawyer will confirm the mechanism, for example:
7	Privacy Policy	7. Who we share data with	NVIDIA (AI model API) [CONFIRM: any other AI provider used] / Generates the AI tutor’s answers / The text you send, photos of questions, and limited study context (your first name, subjects, exam, recent scores). No email address or phone number is sent.

#	Document	Section	Point (as written in the draft)
8	Privacy Policy	7. Who we share data with	in public, with your permission: your name or chosen display name, school/state and photo on leaderboards, challenge results and the winners wall. You can turn photo display off. [CONFIRM: winners wall shows name + amount won]
9	Privacy Policy	8.3 Personalisation	[CONFIRM: whether to show Google's User Messaging Platform (UMP) consent message to all users, which is required for users in the EEA/UK and recommended under NDPA.]
10	Privacy Policy	9. International transfers	When data leaves Nigeria, we rely on the transfer grounds in NDPA Part VIII, such as adequacy, contractual safeguards (standard contractual clauses or the provider's data processing terms) or your consent. [CONFIRM wording with counsel.]
11	Privacy Policy	10. How long we keep data **[CONFIRM all periods]**	10. How long we keep data [CONFIRM all periods]
12	Privacy Policy	10. How long we keep data **[CONFIRM all periods]**	AI tutor chats / While your account is open, or until you delete a chat [CONFIRM: e.g. auto-delete after 12 months]
13	Privacy Policy	11. Your rights	To use these rights, contact [CONFIRM: privacy email]. We reply within 30 days. We may ask you to confirm your identity.
14	Privacy Policy	11. Your rights	Without the app: [CONFIRM: https://solutiontee.com/delete-account], or email us from the address on your account.
15	Privacy Policy	15. Contact	Email: [CONFIRM: privacy email] / support@mail.solutiontee.com
16	Terms of Service	SolutionTee CBT — Terms of Service	Effective date: [CONFIRM]

#	Document	Section	Point (as written in the draft)
17	Terms of Service	1. Who can use the Service	If you are under 18, you may use the Service only with the permission of a parent or guardian, who agrees to these Terms on your behalf. [CONFIRM: consent mechanism, NDPA s.31.]
18	Terms of Service	1. Who can use the Service	[CONFIRM: minimum age, e.g. 13; or under-13 use with verifiable parental consent.]
19	Terms of Service	5. Payments	Prices are shown before you pay, in Naira, including any applicable taxes [CONFIRM: VAT]. The Payments and Refunds Policy sets out renewals, expiry, failed payments and refunds.
20	Terms of Service	9. Our content and your content	9.2 Past exam questions are used for educational practice. [CONFIRM: copyright position and permissions for past questions with counsel.]
21	Terms of Service	12. Ending the Service	12.2 We may suspend or end your access if you break these Terms, if the law requires it, or if we stop the Service. If we stop the Service for reasons other than your breach, we will refund unused paid Premium time pro rata [CONFIRM].
22	Terms of Service	14. Limitation of liability	our total liability to you for any claim is limited to the amount you paid us in the 12 months before the claim, or ₦10,000 if you paid nothing [CONFIRM].
23	Terms of Service	16. Law and disputes	16.3 If not solved within 30 days, disputes go to the courts of Lagos State, Nigeria [CONFIRM: or mediation/arbitration first]. Nothing stops you from complaining to the FCCPC or the NDPC.

#	Document	Section	Point (as written in the draft)
24	Contest, Prize and Referral Rules	3. Who can take part	Winners under 18 need a parent or guardian, who gives their name and phone number and receives or approves the prize. [CONFIRM: whether under-18s may win cash at all, and the minimum age.]
25	Contest, Prize and Referral Rules	3. Who can take part	3.4 [CONFIRM: any states or places where cash contests are excluded.]
26	Contest, Prize and Referral Rules	4. Entry	4.3 Paid entry in money is not offered. [CONFIRM: it stays off unless counsel confirms it is lawful, for example under the National Lottery Act 2005 and state gaming laws, and allowed by Google Play’s Real-Money Gambling, Games and Contests policy.]
27	Contest, Prize and Referral Rules	8. Prizes	give their bank, 10-digit account number and account name (in the winner’s or, for under-18s, the parent’s or guardian’s name [CONFIRM]);
28	Contest, Prize and Referral Rules	8. Prizes	we may ask for proof of identity (for example NIN) [CONFIRM: KYC];
29	Contest, Prize and Referral Rules	8. Prizes	8.4 Prizes are paid by bank transfer, normally within [CONFIRM: 14] days after the fair-play review. Payouts above ₦50,000 need two staff approvals.
30	Contest, Prize and Referral Rules	8. Prizes	8.6 Taxes: winners are responsible for any tax on prizes. [CONFIRM: withholding obligations.]
31	Contest, Prize and Referral Rules	10. JAMB mock challenges with tutorial centres	Results and rankings are shared with the organiser only as shown when you join [CONFIRM: what organisers see, e.g. name and score].
32	Payments and Refunds Policy	1. What you can buy	Prices are in Naira and shown before you pay. [CONFIRM: VAT and whether prices include it.]

#	Document	Section	Point (as written in the draft)
33	Payments and Refunds Policy	2. How payments work	2.4 Premium plans do not renew automatically. [CONFIRM: if Play subscriptions are introduced, add renewal and cancellation terms.] When a plan ends you return to the free version. Your data stays.
34	Payments and Refunds Policy	4. Refunds (website / Paystack payments) **[CONFIRM all]**	4. Refunds (website / Paystack payments) [CONFIRM all]
35	Payments and Refunds Policy	4. Refunds (website / Paystack payments) **[CONFIRM all]**	4.2 Premium: you can ask for a refund within 48 hours of purchase if you have not used Premium features substantially, for example opened fewer than [CONFIRM] Premium items. Otherwise Premium is not refundable, except where the law requires it.
36	Advertising and Rewards Policy	6. Your choices	[CONFIRM: Google consent message (UMP) for privacy choices.]
37	Advertising and Rewards Policy	7. First-day experience	New students may see fewer ads during their first hours in the app. [CONFIRM: whether to disclose this here; it is not a hidden charge, and counsel may prefer a general statement that ad frequency can vary.]
38	Account Deletion Page	SolutionTee CBT — Delete your account	Draft for legal review. To be published at [CONFIRM: https://solutiontee.com/delete-account]. Google Play requires this web link in the Data safety section.
39	Account Deletion Page	Delete without the app	Email [CONFIRM: privacy email] (or support@mail.solutiontee.com) from the email address on your account, with the subject “Delete my account”. Or use the form on this page [CONFIRM: form or email only].
40	Account Deletion Page	What we keep, and for how long **[CONFIRM periods]**	What we keep, and for how long [CONFIRM periods]

#	Document	Section	Point (as written in the draft)
41	Google Play Console Declarations	1. Privacy policy URL	https://solutiontee.com/privacy [CONFIRM: publish privacy-policy.md there before submitting]
42	Google Play Console Declarations	2. App access (for Google's reviewers)	Sign-in codes are emailed: give reviewers an account that uses a password, or a fixed test OTP. [CONFIRM: create reviewer accounts]
43	Google Play Console Declarations	4. Content rating (IARC questionnaire)	Gambling / simulated gambling: No. Challenges are skill-based quizzes with free entry. [CONFIRM: if paid entry is ever enabled, re-answer, and do not enable it in the Play build without Play approval.]
44	Google Play Console Declarations	5. Target audience and content	[CONFIRM with counsel.] Choosing under 13 puts the app in the Families programme, which requires Families-certified ad SDKs only, a teacher-approved-style design and stricter data rules.
45	Google Play Console Declarations	7. Data safety form	App info and performance → Crash logs / Diagnostics / [CONFIRM: No crash SDK today; server logs only] / — / — / —
46	Google Play Console Declarations	7. Data safety form	AI provider (NVIDIA): acts as a service provider. Counsel to confirm "not shared". [CONFIRM]
47	Google Play Console Declarations	10. Payments policy (important)	[CONFIRM: Premium products in Play Console: create in-app products for each plan; set prices in Naira.]
48	Google Play Console Declarations	11. Real-money contests (Challenges with cash prizes)	[CONFIRM: lawyer's opinion under the National Lottery Act and state law before enabling cash prizes in the Play build.]
49	Google Play Console Declarations	12. Store listing text (must include)	Do not use JAMB, WAEC or NECO logos as the app icon or as the main graphic. Logos may appear only to identify the exam inside the app. [CONFIRM permission to show exam-body logos at all.]

Part C — The draft documents in full

Eight documents follow, each starting on a new page:

1. Privacy Policy
2. Terms of Service
3. Contest, Prize and Referral Rules
4. Payments and Refunds Policy
5. Acceptable Use and AI Tutor Policy
6. Advertising and Rewards Policy
7. Account Deletion Page
8. Google Play Console Declarations

SolutionTee CBT — Privacy Policy

Draft for legal review. Not yet in force. Items marked **[CONFIRM]** need a decision by SolutionTee or its lawyer.

- **Effective date:** [CONFIRM: date of publication]
- **Last updated:** 8 November 2026
- **Applies to:** the SolutionTee CBT Android app (Google Play version and the version downloaded from solutiontee.com), the websites solutiontee.com, app.solutiontee.com and admin.solutiontee.com, and our emails and notifications (together, the "Service").

---

1. Who we are

SolutionTee CBT is run by **SolutionTee**, a business registered in Nigeria (RC 9123561), of Diamond Estate, 1 Obashoro St, off Command Road, Ipaja, Lagos 100276, Lagos, Nigeria ("**SolutionTee**", "**we**", "**us**").

We are the **data controller** for the personal data described in this policy.

- Privacy contact: **[CONFIRM: privacy email, e.g. privacy@solutiontee.com]** (until set up: support@mail.solutiontee.com)
- WhatsApp support: +234 812 244 5948
- Data Protection Officer: **[CONFIRM: name, or "not appointed" if not required]**

SolutionTee CBT is an independent exam-practice platform and is **not affiliated with or endorsed by JAMB, WAEC or NECO**.

2. The laws we follow

We process personal data in line with: - the **Nigeria Data Protection Act 2023** (NDPA) and the rules of the Nigeria Data Protection Commission (NDPC); - the Google Play Developer Policies (including the User Data, Families and Ads policies); - where they apply to a user, other data protection laws such as the EU/UK GDPR.

3. Summary

What	Why	Shared with
Account details (email, name, state, school, phone if given, birth year)	To create and run your account, personalise practice and set age-appropriate ads	Our hosting and email providers
Practice data (tests, answers, scores, bookmarks, progress, XP, streaks)	To run the CBT, show results, sync across devices, leaderboards and challenges	Hosting provider
AI tutor messages, question photos and voice (as text)	To answer your questions	Our AI model provider and, for "latest news" questions, a web search provider

What	Why	Shared with
Payments	To sell Premium, XP and single items	Paystack or Google Play (we never see full card numbers)
Prize payout details (bank name, account number, account name)	To pay prizes you win	Paystack (transfers)
Device information and identifiers	Security, one account per phone, fair play in challenges, push notifications, app updates	Firebase (notifications); kept by us for fraud prevention
Advertising data	To show ads to free users (personalised only for adults)	Google AdMob

We **do not sell** personal data.

4. The personal data we collect

4.1 Data you give us

- **Account:**
  - email address and password, or your Google account (Sign in with Google: name, email, profile picture);
  - full name, state, school (optional), phone number (optional);
  - target exams, JAMB subjects, target score;
  - **year of birth** (required at sign-up).
- **Profile photo** (optional). It is shown on leaderboards and the winners wall only if you allow it.
- **Practice content:**
  - answers, flags, bookmarks, notes;
  - questions you ask the AI tutor, photos of questions you send it, and voice questions (turned into text on your phone, see 4.3);
  - reactions and reports about AI answers.
- **Challenges and prizes:** challenge entries and answers. If you win a cash prize: bank name, account number and account name, and any information needed to confirm your identity for the payout **[CONFIRM: any KYC required]**.
- **Payments:** the plan, XP pack or item you buy, the amount and the payment reference. Card, bank and USSD details are entered with **Paystack** or **Google Play**, not with us.
- **Support:** messages you send us by email or WhatsApp.
- **Invitations:** your referral code, and the fact that a friend joined with it.

4.2 Data collected automatically

- **Usage:**
  - tests started and submitted, time used, screens used;
  - videos and notes opened and your progress;
  - ads seen, clicked and rewarded (counts per day);
  - notifications received.
- **Device and app:**
  - app version, Android version, phone model, language and time zone;

    - push notification token (Firebase Cloud Messaging).
- **Identifiers for security and fair play:**
    - Android ID and the device's DRM (Widevine) identifier, **stored only as one-way hashes**, to enforce one account per phone and stop cloned or duplicate apps;
    - whether the phone looks like an emulator, a cloned app or a second user profile.
- **Fair-play signals during challenges and mock exams:** leaving the app, split-screen, screenshot or screen-recording detection (Android 14 and later), and time away from the exam.
- **Advertising identifier** (Android advertising ID), read by Google AdMob when ads are shown (see section 8).
- **Logs:** IP address, request times and error logs kept by our hosting providers for security and troubleshooting.

4.3 Microphone and camera/photos

- **Microphone (RECORD_AUDIO):** used only when you tap the microphone in the AI tutor. Your phone's speech recognition service (on most phones, Google's) turns your speech into text. We receive only the text, never the audio.
- **Photos:** only the photos you choose to send the AI tutor or upload as your profile photo. We do not read your gallery.

4.4 Data we do not collect

We do not collect: - precise location; - contacts; - SMS or call logs; - health or financial account data, beyond prize payout details; - biometric data.

5. Why we use your data, and our legal basis

Purpose	Legal basis (NDPA s.25)
Create and run your account; provide the CBT, study content, AI tutor, results and sync	Performance of our contract with you (the Terms)
Payments, Premium, XP and single-item purchases, receipts, refunds	Contract; legal obligation (tax and accounting records)
Challenges, leaderboards, winners wall and prize payouts	Contract; your consent for showing your name and photo publicly
Security, fraud prevention, one account per phone, cheating detection, bans	Legitimate interests (protecting students, fair competitions and our Service)
Free version supported by ads; measuring ads; rewarded ads	Legitimate interests; **consent where required** for personalised ads
Personalised ads (adults 18+ only)	Consent (via Google's consent message where shown) **[CONFIRM: consent mechanism, see 8.3]**
Service emails (codes, receipts, security)	Contract; legal obligation
Reminders, study tips and news notifications	Consent (you can switch them off in Settings or in Android)

Purpose	Legal basis (NDPA s.25)
Improving content and the AI tutor (anonymous and aggregated statistics)	Legitimate interests
Responding to support requests	Contract; legitimate interests
Complying with law and responding to lawful requests	Legal obligation

6. Children and teenagers

- The Service is designed for **secondary-school students preparing for JAMB, WAEC and NECO**, most of whom are **13 to 19** years old.
- **Age:** we ask for your year of birth when you sign up. Students who joined before we asked are asked once.
- **Under 18:** we never show personalised (interest-based) ads. Ads are non-personalised and limited to general-audience content (Google's "teen" setting).
- **Under 13:** ads are requested as **child-directed** (Google's "child" setting: no personalised ads, family-safe content only). Brand (sponsored) campaigns are not shown.
- **Parental consent [CONFIRM]:** under NDPA s.31, processing the data of a child (a person under 18) requires the consent of a parent or guardian. Our lawyer will confirm the mechanism, for example:
  - a parent/guardian consent step at sign-up for users under 18; or
  - a minimum age for accounts with a parental consent statement; or
  - verifiable consent for under-13s only.

  Until confirmed, see the open question in `00-README-for-lawyer.md`.
- **Prizes:** cash-prize challenges may be limited by age and by law. See the Contest and Prize Rules.
- Parents or guardians can contact us to review or delete their child's data (section 11).

7. Who we share data with

We share personal data only with the providers below, under contracts that require them to protect it, and only for the purposes in this policy.

Provider	What it does	Data
Supabase (database, sign-in, server functions), servers in **London, United Kingdom**	Hosts accounts and all app data	All account and practice data
Vercel (website and admin)	Hosts the website, download page and server endpoints	Request logs; data passing through website functions
Cloudflare R2 (private file storage)	Stores question pictures, videos, PDFs, profile photos and app files	Files; your profile photo
Brevo (email)	Sends sign-in codes, receipts and service emails	Email address, name, email content
Google Firebase Cloud Messaging	Delivers push notifications	Push token, notification content

Provider	What it does	Data
NVIDIA (AI model API) **[CONFIRM: any other AI provider used]**	Generates the AI tutor's answers	The text you send, photos of questions, and limited study context (your first name, subjects, exam, recent scores). **No email address or phone number is sent.**
Brave Search	Finds current news when you ask the AI tutor about recent events	The search words only
Paystack	Card, bank transfer, USSD and Pay-with-Bank payments; prize transfers	Email, amount, reference; payout bank details
Google Play (Play Store version)	In-app purchases	Purchase details (handled by Google)
Google AdMob	Shows ads to free users; verifies rewarded ads	Advertising ID, device and app information, ad interactions, age group setting
Google Sign-In	Optional sign-in	Name, email, profile picture
Android speech recognition (usually Google)	Voice to text in the AI tutor	Your voice, processed by the service on your phone

We may also share data: - with authorities when required by law or to protect someone's safety; - with professional advisers (lawyers, accountants) under confidentiality; - with a buyer or successor if our business is sold or reorganised, with notice to you; - in public, with your permission: your name or chosen display name, school/state and photo on leaderboards, challenge results and the winners wall. You can turn photo display off. **[CONFIRM: winners wall shows name + amount won]**

8. Advertising

8.1 Who sees ads

Free users may see Google AdMob ads: - banners; - native "card" ads; - full-screen break ads between screens; - "app open" ads when returning to the app; - **rewarded videos** that you choose to watch.

Premium users see no ads. Ads are never shown during a running exam, CBT test, challenge, mock exam or checkout.

8.2 Rewarded ads

- Watching a rewarded video can give you more AI prompts, XP, a streak freeze, or open a Premium note, year or item for a limited time, as shown before you watch.
- Rewards are confirmed by Google's server-to-server verification before they are given.
- **Rewards have no cash value**, cannot be exchanged for money and cannot be used for cash-prize challenge entries.

8.3 Personalisation

- Ads are **personalised only for users aged 18 or over**, and only where consent has been given where required.
- Users under 18 get non-personalised ads, and child-directed treatment if under 13.
- Adults can reset or delete their advertising ID or opt out of ads personalisation in Android Settings → Google → Ads.
- **[CONFIRM: whether to show Google's User Messaging Platform (UMP) consent message to all users, which is required for users in the EEA/UK and recommended under NDPA.]**

8.4 Our own brand campaigns

- We may show sponsored banners, cards, full-screen ads and short video ads before, during or after our video lessons for brands we work with.
- We count views and clicks per campaign and share **only totals** with the brand. **No personal data goes to the brand.**
- Brand campaigns are not shown to users under 13.

9. International transfers

- Our main database is in the **United Kingdom**.
- Some providers process data in the **United States and other countries** (for example Google, NVIDIA, Vercel, Cloudflare, Brevo).
- When data leaves Nigeria, we rely on the transfer grounds in NDPA Part VIII, such as adequacy, contractual safeguards (standard contractual clauses or the provider's data processing terms) or your consent. **[CONFIRM wording with counsel.]**

10. How long we keep data [CONFIRM all periods]

Data	Kept for
Account and profile	While your account is open; deleted within **30 days** of account deletion
Practice history, results, XP, streaks	While your account is open
AI tutor chats	While your account is open, or until you delete a chat **[CONFIRM: e.g. auto-delete after 12 months]**
Payment and payout records	**6 years** (tax and accounting law), kept without your account details after deletion
Security records (hashed device IDs, bans, fraud and cheating flags)	Up to **2 years** after the last event, so banned accounts cannot be re-created
Ad statistics	Stored as daily totals; per-user reward records for up to **12 months**
Server logs	Up to **90 days**
Support messages	Up to **2 years**

11. Your rights

Under the NDPA you can: - **access** your data and get a copy; - **correct** inaccurate data (most of it you can edit in Me → Edit profile); - **delete** your account and data (Me → Settings → Delete account, or see the account deletion page); - **object to** or **restrict** some processing, and **withdraw consent** at any time (for example notifications, profile photo on leaderboards, personalised ads); - **data portability:** receive your data in a common format; - complain to the **Nigeria Data Protection Commission** (ndpc.gov.ng).

To use these rights, contact **[CONFIRM: privacy email]**. We reply within **30 days**. We may ask you to confirm your identity.

Account deletion: - **In the app:** Me → Settings → Delete account. - **Without the app: [CONFIRM: https://solutiontee.com/delete-account]**, or email us from the address on your account. - We delete your account and personal data within 30 days. We keep only what the law requires (payment records) and security records that stop banned users from returning (hashed identifiers only).

12. Security

- Encrypted connections (HTTPS/TLS).
- Row-level security in our database: each student can read only their own data, and locked content is never sent to a device that may not open it.
- Private file storage with short-lived signed links.
- Two-step login for staff.
- Payment and webhook verification.
- Audit logs of staff actions.
- Secrets kept only on our servers.

No system is perfectly secure. If a breach affects you, we will tell you and the NDPC as the law requires (within 72 hours to the NDPC where required).

13. Notifications and emails

- We send service emails (sign-in codes, receipts, security notices) as part of the Service.
- Push notifications (reminders, challenges, news) can be switched off in the app (Me → Settings) or in Android.

14. Changes to this policy

- We will post updates in the app and on solutiontee.com and change the “Last updated” date.
- For important changes we will tell you in the app or by email before they apply.

15. Contact

SolutionTee, Diamond Estate, 1 Obashoro St, off Command Road, Ipaja, Lagos 100276, Nigeria.

SolutionTee CBT — Terms of Service

Draft for legal review. Not yet in force. Items marked **[CONFIRM]** need a decision by SolutionTee or its lawyer.

- **Effective date:** [CONFIRM]
- **Last updated:** 8 November 2026

These Terms are an agreement between you and **SolutionTee** (RC 9123561), Diamond Estate, 1 Obashoro St, off Command Road, Ipaja, Lagos 100276, Nigeria ("**SolutionTee**", "**we**", "**us**"). They cover your use of the SolutionTee CBT app, our websites and related services (the "**Service**").

By creating an account or using the Service you agree to these Terms, our **Privacy Policy**, and the policies linked below: - the Payments and Refunds Policy; - the Contest and Prize Rules; - the Acceptable Use and AI Policy; - the Advertising and Rewards Policy.

If you do not agree, do not use the Service.

> SolutionTee CBT is an independent exam-practice platform and is **not affiliated with or endorsed by JAMB, WAEC or NECO**. Exam names and logos belong to their owners and are used only to describe the exams our practice covers.

1. Who can use the Service

1.1 The Service is for students preparing for JAMB UTME, WAEC WASSCE, NECO SSCE and similar exams, and for parents and teachers who support them.

1.2 **Age.** You must give your true year of birth. - If you are **under 18**, you may use the Service only with the permission of a parent or guardian, who agrees to these Terms on your behalf. **[CONFIRM: consent mechanism, NDPA s.31.]** - **[CONFIRM: minimum age, e.g. 13; or under-13 use with verifiable parental consent.]** - Some features, such as cash-prize challenges and paid entries, may have higher age limits (see the Contest and Prize Rules).

1.3 One person, one account. One account per phone. You must not create several accounts, share an account, or use cloned, modified or emulated copies of the app.

2. Your account

2.1 Keep your sign-in details safe. You are responsible for what happens in your account.

2.2 Tell us at once if you think someone else is using it.

2.3 Give correct information and keep it up to date.

2.4 You can delete your account at any time (Me → Settings → Delete account). Deletion is permanent: - unused Premium time, XP and items are lost (see the Payments and Refunds

Policy); - pending prizes must be claimed first.

3. What the Service includes

3.1 **Free features:** - CBT practice with some past-question years; - quick tests, topic drills and custom exams (as set by us); - a daily question; - a limited number of AI tutor prompts each day; - news; - some study content; - leaderboards and free challenges.

The free version is supported by ads.

3.2 **Premium** (paid): more or all years, video solutions and lessons, lesson notes, novels and documents, more AI prompts, offline downloads and **no ads**, as described on the Premium screen when you buy.

3.3 **XP:** points earned by practising, claiming daily rewards, inviting friends, watching rewarded ads, or bought in packs (website version only). XP can be spent in the app, for example on Premium time, challenge entries or streak freezes, as shown in the app. **XP is not money:** - it has no cash value; - it cannot be sold, transferred or exchanged for cash; - it may expire or be adjusted as explained in the app.

XP earned from ads cannot be used for cash-prize challenge entries.

3.4 **Single items:** some videos, notes, novels, documents or exam years may be opened by watching ads for a limited time, or bought one by one, as shown in the app.

3.5 **AI tutor:** an AI study assistant (see section 7 and the Acceptable Use and AI Policy).

3.6 **Challenges and mock exams:** timed competitions, some with prizes (see the Contest and Prize Rules).

3.7 We may change, add or remove features, years, questions, prices and limits. We try to give notice of important changes. Changes do not reduce the Premium you have already paid for during its paid period.

4. Educational content and results

4.1 Our questions, answers, explanations, notes, videos and AI answers are for **practice and learning**. We work hard to keep them accurate, but **mistakes can happen**. We do not promise that the content matches any official exam, syllabus or marking scheme.

4.2 Practice scores, predicted JAMB scores and rankings are **estimates only**. They do not guarantee any result in a real exam or any admission.

4.3 Report mistakes with the report buttons in the app. We review them.

5. Payments

Paid features are bought: - in the **Google Play** version, through Google Play Billing; - in the **website (direct) version**, through **Paystack**.

Prices are shown before you pay, in Naira, including any applicable taxes **[CONFIRM: VAT]**. The **Payments and Refunds Policy** sets out renewals, expiry, failed payments and refunds.

6. Ads and rewards

The free version shows ads. Rewarded ads are always your choice and give the reward shown, after Google confirms you watched. Rewards have no cash value. See the **Advertising and Rewards Policy**.

7. AI tutor

7.1 The AI tutor answers school questions using an AI model. **AI can make mistakes.** Check important answers with your teacher or textbook.

7.2 The AI tutor is for **education only**. It refuses off-topic, harmful or unsafe requests.

7.3 Do not send personal information about yourself or others, or images of people.

7.4 Abuse leads to warnings (“strikes”) and may lead to a temporary or permanent block from the AI tutor or the Service.

7.5 Your messages and question photos are processed by our AI provider to produce answers, as described in the Privacy Policy.

8. Rules of conduct

You must not: - cheat in challenges or mock exams: other people answering for you, other devices, split screen, screen recording or screenshots where blocked, automated tools, leaving the app to look up answers where not allowed; - create several accounts, use cloned apps, emulators or modified apps, or get around one-account-per-phone; - copy, scrape, download in bulk, record, share or resell our questions, explanations, videos, notes or other content; - reverse-engineer, attack or overload the Service, or get around locks, payments or ad rules; - click ads you are not interested in, use tools to fake ad views, or ask others to click ads; - harass, threaten, impersonate or harm anyone, or post unlawful, sexual, hateful or violent content; - break any law.

We may remove content, cancel results or prizes, reduce XP, suspend or close accounts, and ban phones for breaking these rules. Where reasonable, we tell you why and let you respond.

9. Our content and your content

9.1 The Service, including our questions, answers, explanations, notes, videos, designs, software and the SolutionTee name and logo, is owned by SolutionTee or its licensors. We give you a personal, non-transferable, revocable licence to use it for your own studies through the Service. You get no other rights.

9.2 **Past exam questions** are used for educational practice. **[CONFIRM: copyright position and permissions for past questions with counsel.]**

9.3 **Your content** (answers, messages, photos, reports, profile photo) stays yours. You give us a licence to store, process and display it to run and improve the Service, as described in the Privacy Policy. You confirm you have the right to share it.

10. Downloads and app updates

10.1 The **direct (website) version** can download and install its own updates after you allow it. Only install updates offered inside the app or from solutiontee.com.

10.2 Offline downloads (Premium) stay inside the app and may stop working when your Premium ends.

11. Availability

We aim to keep the Service running, but it may sometimes be unavailable for maintenance, updates or reasons beyond our control. Some features need internet. We are not responsible for your phone, data costs or network.

12. Ending the Service

12.1 You may stop using the Service and delete your account at any time.

12.2 We may suspend or end your access if you break these Terms, if the law requires it, or if we stop the Service. If we stop the Service for reasons other than your breach, we will refund unused paid Premium time pro rata **[CONFIRM]**.

13. Disclaimers

To the extent the law allows: - the Service is provided “as is” and “as available”; - we make no promises about exam results, admission, the accuracy of AI answers, or that the Service will be error-free.

Nothing in these Terms limits rights you have under the **Federal Competition and Consumer Protection Act 2018** or other consumer laws that cannot be excluded.

14. Limitation of liability

To the extent the law allows: - SolutionTee is not liable for indirect or consequential loss, lost data, lost opportunities or exam outcomes; - our total liability to you for any claim is limited to the amount you paid us in the **12 months** before the claim, or **₦10,000** if you paid nothing **[CONFIRM]**.

We do not exclude liability for death or personal injury caused by negligence, for fraud, or where the law does not allow it.

15. Changes to these Terms

We may update these Terms. We will post the new version in the app and on solutiontee.com and update the date. For important changes, we will tell you in advance in the app or by

email. If you keep using the Service after changes apply, you accept them.

16. Law and disputes

16.1 These Terms are governed by the laws of the **Federal Republic of Nigeria**.

16.2 Please contact us first; most issues can be solved quickly.

16.3 If not solved within 30 days, disputes go to the courts of **Lagos State, Nigeria [CONFIRM: or mediation/arbitration first]**. Nothing stops you from complaining to the FCCPC or the NDPC.

17. Contact

SolutionTee, Diamond Estate, 1 Obashoro St, off Command Road, Ipaja, Lagos 100276, Nigeria.

- Email: support@mail.solutiontee.com
- WhatsApp: +234 812 244 5948

SolutionTee CBT — Contest, Prize and Referral Rules

Draft for legal review. Not yet in force. Items marked **[CONFIRM]** need a decision by SolutionTee or its lawyer. These Rules form part of the Terms of Service.

- **Last updated:** 8 November 2026

1. What these Rules cover

- **Challenges & events**: timed, skill-based quiz competitions in the app. Some offer prizes:
  - cash;
  - Premium days;
  - badges or XP.
- **JAMB mock challenges**: full mock exams, including ones run with tutorial centres using a code or invite, with rankings.
- **Leaderboards and the winners wall.**
- **Referral rewards**: rewards for inviting friends.

2. Skill, not chance

- Every challenge is a test of knowledge and speed.
- Results depend only on correct answers and time. There is **no random draw**.
- Questions, options and order may be shuffled per student only for fairness.

3. Who can take part

3.1 Any student with a valid, unbanned account, unless the challenge page says otherwise.

3.2 **Cash prizes:** - Winners **aged 18 or over** claim themselves. - Winners **under 18** need a parent or guardian, who gives their name and phone number and receives or approves the prize. **[CONFIRM: whether under-18s may win cash at all, and the minimum age.]**

3.3 SolutionTee staff, their households and people involved in setting a challenge may not win prizes in that challenge.

3.4 **[CONFIRM: any states or places where cash contests are excluded.]**

4. Entry

4.1 Most entries are **free**.

4.2 Some challenges may ask for an **entry fee in XP** (shown before you join, “Join for 100 XP?”): - **cash-prize challenges accept earned XP only**, never bought XP or XP from ads; - XP entry fees are not returned after a disqualification.

4.3 **Paid entry in money is not offered. [CONFIRM: it stays off unless counsel confirms it is lawful, for example under the National Lottery Act 2005 and state gaming laws, and allowed by Google Play's Real-Money Gambling, Games and Contests policy.]**

4.4 One entry per student per challenge. Joining means you accept the challenge's fair-play rules shown on its page.

5. How a challenge works

- Questions come **one at a time** with a time limit per question.
- Each answer is marked and timed **on our server**. An answer arriving later than the time allowed (plus a small grace period) counts as no answer.
- You must stay in the app.

6. Fair play

6.1 Not allowed: - another person answering; - a second device or account; - split screen or floating apps; - screenshots or screen recording; - emulators, cloned or modified apps; - automated tools; - sharing questions during a live challenge.

6.2 We look for signs of cheating: very fast or very even answer times, the same phone as another entry, emulators, split screen, screenshot or recording attempts, leaving the app. A flag leads to a **review by staff**, not an automatic result.

6.3 We may disqualify entries, cancel prizes, take back XP or Premium and ban accounts or phones where we find cheating.

6.4 **Appeals:** a disqualified student may send **one appeal within 24 hours** of the result, with a reason. Our decision after review is final, subject to law.

7. Ranking and ties

Ranking is by: 1. the highest score; 2. then the shortest total time; 3. then whoever **started earlier**.

Disqualified and banned entries are left out. Ranks are fixed when the challenge closes. A later disqualification moves the following students up.

8. Prizes

8.1 The prizes for 1st, 2nd and 3rd place (and any Premium days for the top N) are shown on the challenge page before it starts.

8.2 **A minimum winning score** may apply (shown on the page). If no one reaches it, that prize is not awarded.

8.3 **Claiming a cash prize:** - the winner must claim in the app **within 7 days** of the close; - give their bank, 10-digit account number and account name (in the winner's or, for under-18s, the parent's or guardian's name **[CONFIRM]**); - we may ask for proof of identity (for

example NIN) **[CONFIRM: KYC]**; - **we never ask for a card PIN, card number or password.**

8.4 Prizes are paid by bank transfer, normally within **[CONFIRM: 14]** days after the fair-play review. Payouts above **₦50,000** need two staff approvals.

8.5 Unclaimed prizes after 7 days, or prizes of disqualified entries, may go to the next eligible student or be withdrawn.

8.6 **Taxes:** winners are responsible for any tax on prizes. **[CONFIRM: withholding obligations.]**

8.7 Prizes cannot be exchanged, except that we may replace a prize with one of equal value if needed.

9. Winners wall and publicity

- With your permission, we may show winners' first name and initial (or display name), state or school, photo and amount won on the winners wall and in the app.
- We may show a payment receipt with bank details hidden.
- You can ask us to hide your photo.

10. JAMB mock challenges with tutorial centres

- Organisers (for example tutorial centres) may invite students with a code.
- Results and rankings are shared with the organiser only as shown when you join **[CONFIRM: what organisers see, e.g. name and score]**.
- Organisers may not charge students through SolutionTee.

11. Referral rewards

- Invite friends with your code.
- A friend counts when they verify their phone and finish one practice test on their own phone (or as the admin rules say).
- Rewards (as shown in the app) may include:
  - a Premium discount per friend;
  - free Premium after a number of friends;
  - a cash reward after a larger number, paid after verification.
- Fake accounts, self-referrals and duplicate phones do not count. They may lead to a ban and cancelled rewards.
- We may cap or change referral rewards. Rewards already earned are honoured.

12. Changes and cancellation

We may cancel, pause or change a challenge if technical problems, cheating or legal reasons make it unfair. If a challenge is cancelled before it closes, XP entry fees are returned.

13. Google

Google is not a sponsor of, and is not involved in, any contest or prize. Google Play is not responsible for the contests.

14. Contact

Questions about a challenge or prize: support@mail.solutiontee.com or WhatsApp +234 812 244 5948.

SolutionTee CBT — Payments and Refunds Policy

Draft for legal review. Not yet in force. Items marked **[CONFIRM]** need a decision by SolutionTee or its lawyer. This Policy forms part of the Terms of Service.

- **Last updated:** 8 November 2026

1. What you can buy

Item	What you get	Where you can buy it
Premium plan (for example 1 month, 3 months, or “Exam season” until a set date)	Premium features and no ads until the end date shown	Google Play version: Google Play. Website version: Paystack
XP pack	XP added to your wallet (spend in the app)	Website version only (Paystack)
Single item (a video, note, novel, document or exam year)	That item, yours for good	Website version only (Paystack)
Promo / redeem codes	Discounts or free Premium days as stated on the code	Me → Redeem a code

Prices are in Naira and shown before you pay. **[CONFIRM: VAT and whether prices include it.]**

2. How payments work

2.1 **Google Play version:** - payments go through **Google Play Billing**, under Google Play’s terms; - refunds for Play purchases follow **Google Play’s refund policy**, and you can request one from Google Play.

2.2 **Website (direct) version:** - payments go through **Paystack**: card, bank transfer, USSD, or Pay with Bank / apps such as OPay, PalmPay, Kuda; - we never see or store your full card number, PIN or bank password.

2.3 Access is given **only after the payment is confirmed** by Paystack or Google on our server. If a payment is still pending (for example a bank transfer), access starts when it is confirmed.

2.4 **Premium plans do not renew automatically. [CONFIRM: if Play subscriptions are introduced, add renewal and cancellation terms.]** When a plan ends you return to the free version. Your data stays.

2.5 Buying a new plan while Premium is active **extends** your end date. A plan that would not extend your current end date cannot be bought.

3. XP

- XP is a **virtual in-app currency with no cash value**. It cannot be refunded for money, transferred, sold or exchanged for cash.

- Bought XP and XP from ads can be spent in the app but **cannot be used for cash-prize challenge entries**.
- If XP is switched off, balances are kept.

4. Refunds (website / Paystack payments) [CONFIRM all]

4.1 **Duplicate or wrong charges:** if you were charged twice, or charged with no access given, tell us within **30 days**. After checking with Paystack we refund in full or give the access.

4.2 **Premium:** you can ask for a refund within **48 hours** of purchase if you have not used Premium features substantially, for example opened fewer than **[CONFIRM]** Premium items. Otherwise Premium is not refundable, except where the law requires it.

4.3 **Single items and XP packs** are not refundable once opened or spent, except for duplicate charges, technical failure or where the law requires.

4.4 Refunds go back to the original payment method through Paystack, usually within **5–10 working days** depending on your bank. When a refund is processed, the Premium, item or XP it paid for is removed.

4.5 Your rights under the **Federal Competition and Consumer Protection Act 2018** are not affected.

5. Failed and cancelled payments

If you leave or cancel a payment before paying, nothing is charged and it is marked “Not finished”. If your bank still completes it later, it counts and access is given.

6. Promo codes

- Codes have the conditions shown: percentage or Naira off (Paystack only), or free Premium days.
- Each code can be used once per student unless stated.
- Codes have no cash value and may expire.

7. Chargebacks and fraud

If a payment is reversed by your bank or found fraudulent, we remove what it paid for and may suspend the account.

8. Contact

Billing questions: support@mail.solutiontee.com · WhatsApp +234 812 244 5948. Please include the payment reference shown in the app (Me → Premium / receipts).

SolutionTee CBT — Acceptable Use and AI Tutor Policy

Draft for legal review. Not yet in force. This Policy forms part of the Terms of Service.

- **Last updated:** 8 November 2026

1. Using the AI tutor

1.1 The AI tutor ("SolutionTee AI") helps with school subjects and exam preparation: - explanations and step-by-step working; - quizzes and new practice questions; - study plans and reminders; - links to our notes and past questions; - for "latest news" questions about exams, short web search results with their sources.

1.2 **It is an AI.** Its answers can be wrong or incomplete. Check important answers with your teacher, textbook or the official syllabus. It is not a substitute for professional, medical, legal or emotional advice.

1.3 **Education only.** The tutor refuses requests that are off-topic, unsafe or against this Policy. If you need urgent help for your safety, contact a trusted adult or the emergency services.

1.4 **Daily limits:** - free students have a small number of prompts a day; - they can get a few more by watching a rewarded video, where offered; - Premium students have a higher limit.

1.5 **Photos and voice:** - send only photos of questions or notes, and no faces or personal documents; - voice questions are turned into text by your phone's speech service, and only the text reaches us.

1.6 **Privacy:** do not share your or anyone else's personal information (address, phone number, ID numbers, passwords) with the tutor.

2. Not allowed anywhere in the Service

- Insults, threats, harassment, bullying or hate toward anyone, including the AI tutor or staff.
- Sexual content, or anything involving minors in a sexual way. **Zero tolerance**: we report it to the authorities.
- Violent, self-harm, drug or weapons instructions; illegal activity; scams.
- Spam, advertising, or trying to make the AI produce harmful content ("jailbreaks").
- Cheating in challenges or mocks, using several accounts, cloned apps or emulators, or getting around limits, locks or payments.
- Copying, scraping, recording or reselling our questions, explanations, videos, notes or AI answers in bulk.
- Faking ad views or clicking ads dishonestly.
- Breaking any law or anyone's rights.

3. What happens if you break the rules

- **Strikes:** abusive or unsafe messages to the AI tutor get a warning. Repeated strikes may pause your AI access for a period, or permanently.
- We may also remove content, cancel results, prizes or rewards, reduce XP, and suspend or ban accounts and phones.
- **Appeals:** a banned student sees the reason and can send **one appeal within 14 days**. Staff review it and reply in the app.

4. Reporting

Use the report buttons on questions and AI answers, or contact support@mail.solutiontee.com. We review reports and act on them.

5. Staff review

To keep students safe and improve answers, authorised staff may review flagged AI conversations and reports, under strict access controls and audit logs.

SolutionTee CBT — Advertising and Rewards Policy

Draft for legal review. Not yet in force. Items marked **[CONFIRM]** need a decision by SolutionTee or its lawyer. This Policy forms part of the Terms of Service.

- **Last updated:** 8 November 2026

1. Why there are ads

Ads keep a free version of SolutionTee CBT available. **Premium users see no ads.**

2. Where ads appear

Free users may see Google AdMob ads: - **banners**: at the top of some screens, and one “sticky” banner just above the bottom tab bar; - **native card ads** between items in lists, on Home, in News and inside lesson notes; - **full-screen break ads**, mostly video, at natural breaks: after a test, before or after a video, after a note, quiz or AI chat, when opening a Study section, and occasionally when moving between screens; - **app-open ads** when you come back to the app after a while; - **rewarded videos** that you choose to watch.

The number and frequency depend on the ads level set by SolutionTee, with minimum gaps and daily limits.

Ads never appear during a running exam, CBT test, challenge, mock exam or checkout.

3. Sponsored (brand) campaigns

- We may show our own sponsored content for brands: banners, cards, full-screen picture or video, and short video ads before, during or after our video lessons. All are clearly labelled **“Ad”**.
- These use the same slots, limits and red lines as AdMob ads.
- They are not shown to users under 13.
- Brands receive only total views and clicks, never personal data.

4. Rewarded videos

4.1 Watching is **always your choice**. Before the video we show what you will get: - more AI prompts; - XP; - a streak freeze; - or opening a Premium note, item or exam year for a limited time.

4.2 Some rewards need several videos (progress is shown).

4.3 There is a daily limit on rewarded videos, and daily limits on how many items or years can be opened by watching.

4.4 The reward is given **only after Google confirms the video was watched** (server-side verification). Closing the video early gives no reward.

4.5 Rewards have **no cash value**, cannot be exchanged for money, and **cannot be used for cash-prize challenge entries**.

4.6 Only years and items that SolutionTee chooses can be opened by watching. Everything else stays Premium.

5. Your age and ads

- **18 and over:** ads may be personalised based on your interests, where you have given consent where required.
- **13–17:** non-personalised ads only, with general-audience content limits.
- **Under 13:** child-directed ads only (no personalisation, family-safe content).

We use the year of birth you give us to set this.

6. Your choices

- Go Premium for no ads.
- Adults can reset their advertising ID or opt out of ads personalisation in Android Settings → Google → Ads.
- **[CONFIRM: Google consent message (UMP) for privacy choices.]**

7. First-day experience

New students may see fewer ads during their first hours in the app. **[CONFIRM: whether to disclose this here; it is not a hidden charge, and counsel may prefer a general statement that ad frequency can vary.]**

8. Honest use

Do not click ads you are not interested in, use tools to fake views, or ask others to click. Accounts that do may be banned. This also protects our ad account.

SolutionTee CBT — Delete your account

Draft for legal review. To be published at **[CONFIRM: https://solutiontee.com/delete-account]**. Google Play requires this web link in the Data safety section.

This page explains how to delete your **SolutionTee CBT** account (developer: **SolutionTee**) and what happens to your data.

Delete in the app (fastest)

1. Open SolutionTee CBT and sign in.
2. Go to **Me → Settings → Delete account**.
3. Read the notice, type to confirm, and tap **Delete my account**.

Delete without the app

- Email **[CONFIRM: privacy email]** (or support@mail.solutiontee.com) **from the email address on your account**, with the subject “Delete my account”. Or use the form on this page **[CONFIRM: form or email only]**.
- We may ask you to confirm by a code sent to that email.
- We delete the account within **30 days** and confirm by email.

What is deleted

- Your profile: name, email, phone, state, school, birth year, photo.
- Practice history, results, bookmarks, notes and progress.
- AI tutor chats and photos you sent.
- XP, streaks, unused Premium time and items. **These cannot be restored or refunded.**
- Push tokens and notification settings.
- Your entries are removed from leaderboards and challenge lists.

What we keep, and for how long [CONFIRM periods]

- **Payment and payout records** (amount, date, reference) for **6 years**, as tax and accounting law requires. They are no longer linked to your profile.
- **Security records** (one-way hashed device identifiers, ban and fraud flags) for up to **2 years**, so that banned users cannot open new accounts.
- Total, anonymous statistics that do not identify you.

Before you delete

- Claim any prize you have won first. Unclaimed prizes are lost.
- To delete only some data (for example your AI chats), contact us. You can hide yourself and your photo from leaderboards in Me → Settings without deleting your account.

Google Play Console — what to declare for SolutionTee CBT

Prepared 8 November 2026 for the owner and lawyer. This is the content to enter in Play Console → App content, and on the store listing, for the **Play Store version** (`com.solutiontee.cbt`, Play build).

It describes the app's features as they are today: - CBT practice, study content, AI tutor with voice and photos; - challenges with prizes, referrals, XP; - AdMob ads (banners, native, interstitial, app-open, rewarded, rewarded interstitial) and brand campaigns; - Premium through Play Billing; - push notifications, news, custom exam.

Items marked **[CONFIRM]** depend on the lawyer's answers in `00-README-for-lawyer.md`.

---

1. Privacy policy URL

`https://solutiontee.com/privacy` **[CONFIRM: publish `privacy-policy.md` there before submitting]**

2. App access (for Google's reviewers)

- "All or some functionality is restricted": **Yes** (sign-in required).
- Provide a **test account** (email + password) with a **Free** profile, and a second one with **Premium**, plus these steps: "Sign in → Test → Quick test; AI Tutor → ask 'Explain photosynthesis'; Study → Lesson notes."
- Sign-in codes are emailed: give reviewers an account that uses a password, or a fixed test OTP. **[CONFIRM: create reviewer accounts]**

3. Ads

Contains ads: Yes (Google AdMob; also own sponsored campaigns labelled "Ad").

4. Content rating (IARC questionnaire)

- **Category:** Reference, News, or Educational → choose **Education**.
- Violence, sexuality, language, controlled substances: **No**.
- **User interaction:**
  - users can share info? **No**, there is no chat between users;
  - the AI tutor generates content, which is **moderated** (answers education only and refuses unsafe requests).
- **Shares user location:** No.
- **Digital purchases:** Yes.
- **Gambling / simulated gambling: No.** Challenges are skill-based quizzes with free entry. **[CONFIRM: if paid entry is ever enabled, re-answer, and do not enable it in the Play build without Play approval.]**
- **Expected rating:** Everyone / PEGI 3 or 7, with "In-app purchases" and "Contains ads".

5. Target audience and content

- **Target age groups: 13–15, 16–17, 18 and over**.
- **[CONFIRM with counsel.]** Choosing **under 13** puts the app in the **Families programme**, which requires Families-certified ad SDKs only, a teacher-approved-style design and stricter data rules.

  Recommendation: target **13+** (the users are secondary-school students). Keep the in-app age check: under-13s who sign up still get child-directed ads.
- **Appeals to children?** No (an exam-preparation tool for teenagers and adults).
- Because 13–17 is included, Play's policies for teen audiences apply:
  - no personalised ads to under-18s (done: the app sends non-personalised requests and the "teen" setting);
  - ads must be suitable (max ad content rating: G for under-18, T for adults; set in the app).

6. News app declaration

"Is your app a news app?" → **No.** The app is an educational app with a small News section about exams.

7. Data safety form

Data is encrypted in transit: Yes. **Users can request that data is deleted:** Yes. Account deletion URL: `https://solutiontee.com/delete-account` (from `account-deletion.md`). **Independent security review:** No.

Data type (Play category)	Collected	Shared*	Optional?	Purposes
Personal info → Name	Yes	No	Required	App functionality, Account management
Personal info → Email address	Yes	No	Required	App functionality, Account management, Developer communications
Personal info → Phone number	Yes	No	Optional	Account management, Fraud prevention (prize and referral verification)
Personal info → Other info (state, school, birth year, exam subjects)	Yes	No	Required (birth year, state); optional (school)	App functionality, Personalisation, Advertising (age group only)

Data type (Play category)	Collected	Shared*	Optional?	Purposes
Personal info → User IDs	Yes	No	Required	App functionality, Account management, Fraud prevention
Financial info → Purchase history	Yes	No	Optional	App functionality
Financial info → Other financial info (prize payout bank account)	Yes	Yes (Paystack, to send the transfer)	Optional	App functionality
Photos and videos → Photos	Yes	Yes (AI provider processes question photos)	Optional	App functionality
Audio → Voice or sound recordings	**No** (speech is turned into text on the device; the app receives text only)	—	—	—
Messages → Other in-app messages (AI tutor chats)	Yes	Yes (AI provider processes them)	Optional	App functionality
App activity → App interactions	Yes	No	Required	App functionality, Analytics, Fraud prevention
App activity → Other user-generated content (answers, reports, appeals)	Yes	No	Optional	App functionality
App info and performance → Crash logs / Diagnostics	**[CONFIRM: No crash SDK today; server logs only]**	—	—	—
Device or other IDs (hashed Android ID and DRM ID; FCM token; advertising ID)	Yes	Yes (advertising ID with Google AdMob; token with Firebase)	Required	Fraud prevention, Security, Advertising or marketing, App functionality (notifications)
Location, Contacts, Calendar, Health, Files, Web browsing	**No**	—	—	—

* Play counts transfers to **service providers** acting on our behalf as **not “shared”**, for example Supabase, Cloudflare, Brevo and Paystack used as processors. - **AdMob:** Google requires apps to declare data collected by the AdMob SDK (advertising ID, approximate IP-

based location, app interactions, diagnostics) as **collected and shared for Advertising**. Use Google's AdMob data disclosure guide when filling this in. - **AI provider (NVIDIA):** acts as a service provider. Counsel to confirm "not shared". **[CONFIRM]**

8. Permissions (Play build)

Permission	Why	Declaration needed
INTERNET	Everything	None
RECORD_AUDIO	Voice questions in the AI tutor, only when the student taps the mic	None (runtime prompt), but mention it in the privacy policy (done)
DETECT_SCREEN_CAPTURE / DETECT_SCREEN_RECORDING	Fair play in exams and challenges (Android 14/15)	None (normal permissions)
AD_ID (added by Google Mobile Ads)	Ads	Answer "Yes, uses advertising ID" (Advertising, Fraud prevention)
POST_NOTIFICATIONS (Android 13+, added by the notifications library)	Reminders and challenge alerts	None (runtime prompt)

Not in the Play build: REQUEST_INSTALL_PACKAGES. The Play build updates through Google Play; self-update is only in the website build. **[Engineering confirmed: the permission is only in the `direct` flavour manifest.]**

9. Financial features

"Does your app provide financial features?" → **No** (no loans, banking or payments between users). Prize payouts are a contest feature, not a financial service.

10. Payments policy (important)

- In the Play build, **Premium is sold only through Google Play Billing**. Paystack, XP packs and "pay for this item" are **hidden in the Play build**. Engineering changed this on 8 November 2026 for XP packs and single items.
- Rewarded ads that unlock content for a while are allowed.
- **[CONFIRM: Premium products in Play Console: create in-app products for each plan; set prices in Naira.]**

11. Real-money contests (Challenges with cash prizes)

- Play allows **skill-based contests with free entry and real-money prizes**, if the app follows local law and the contest rules are published.
- Rules: `contest-and-prize-rules.md`, linked in the app and on the store listing.
- **Paid entry must stay off in the Play build** (flag `paid_events_in_play_build` = off).
- XP entry fees use **earned XP only** for cash challenges (never bought).
- **[CONFIRM: lawyer's opinion under the National Lottery Act and state law before enabling cash prizes in the Play build.]**

12. Store listing text (must include)

- Short description (80 chars):

  > JAMB, WAEC & NECO CBT practice with past questions, AI tutor and mock exams.

- Disclaimer in the full description:

  > SolutionTee CBT is an independent exam-practice platform and is not affiliated with or endorsed by JAMB, WAEC or NECO.

- Do not use JAMB, WAEC or NECO logos as the app icon or as the main graphic. Logos may appear only to identify the exam inside the app. **[CONFIRM permission to show exam-body logos at all.]**
- Mention: contains ads; in-app purchases; Premium removes ads.

13. Government / impersonation

Answer “No” to “government app”. The disclaimer above avoids the impersonation and deceptive-behaviour policy.

14. Health, VPN, accessibility, background location

Not applicable.

15. Families / Teacher Approved

Not applying (target 13+), unless counsel decides otherwise.

16. Before submitting: checklist

- ☐ Privacy policy, Terms and Contest rules published on solutiontee.com and linked in the app (About / Settings).
- ☐ Account deletion page published.
- ☐ Reviewer test accounts created.
- ☐ Play in-app products created for each Premium plan.
- ☐ AdMob app linked to the Play listing; `app-ads.txt` on solutiontee.com (`google.com, pub-2578359096210288, DIRECT, f08c47fec0942fa0`).
- ☐ AdMob Test mode **off** only after the Play listing is live.
- ☐ Data safety form filled from section 7.
- ☐ Target audience 13+ set; content rating questionnaire done.
